your side*

Offshore Containers & Baskets

Lubbers is your ideal partner for offshore container and basket rentals. Through a strategic partnership with OEG Offshore Ltd, world leader in the supply of offshore containers and baskets, we act as an agent for all rental requests on the European mainland. All units are owned by OEG and are DNV-tested and certified, presenting a safe and reliable storage and transport option.

With a hire fleet of 3000 units we offer the widest range of types, sizes and capacities. There are fifty market-tested standard designs to choose from for rapid delivery. In addition we can accommodate for any long term or specialist requirements.

OEG has designed and built thousands of service cabins to customers' individual specifications for every conceivable offshore activity. This had lead to an extensive product range including pressurized cabins, local equipment rooms and extreme environment cabins.

We have a comprehensive stock in multiple European locations, ensuring a good availability to any destination.

Lubbers

Always at your side

Lubbers is an official agent for and works in cooperation with OEG Offshore. First choice in containers, baskets, workshops & specialist A60 cabins worldwide.
