

RENTAL AND SALE

OEG Offshore's standard ISO tanks are large stainless-steel pressure vessels held with a 20-foot ISO frame that are used for the transportation and storage of bulk liquids. These units are specially designed for repeat use and provide a safe, reliable and cost-effective way to transport bulk chemicals.

Approvals include ADR/RID, US DOT CFR49, UK DETR, UIC, TIR, CSC, AAR600, TC, IMDG, TIR, CFR 49, ISO, T11
