Machinery / Compressor Container

**HUGHES
SUBSEA**
an OEG Offshore company

Hughes Subsea Services, an OEG Offshore company, brings over 100 years of combined offshore and subsea experience.

As an integrated subsea service company, we offer a comprehensive range of services to the offshore oil and gas, renewable energy, telecommunications, power generation and marine civil engineering sectors.

We operate to the highest and most stringent industry standards. Our team prides itself on its robust operational procedures and ability to deliver industry-leading quality, environmental, health and safety standards in all of its operations.

We work hard to cultivate an extremely flexible 'can do' attitude; striving to adapt and overcome every challenge we face in a creative and cost-efficient manner. Above all, we work in close partnership with our clients, and their requirements remain our priority at all times. Our constant focus is to assist in any way we can, working collaboratively to ensure that every project is carried out successfully – right from the start.

CONTAINER WEIGHTS/DIMENSIONS

Length	2.99 m
Width	2.46 m
Height	2.59 m
Weight	4.5 tonnes

COMPRESSOR CONTAINER EQUIPMENT

- HP Compressor
- LP Tooling Compressor
- Haskel Pump

COLTRI HP COMPRESSOR

- MCH 36/ETS Coltri HP Compressor
- Electric – 3 phase
- 15KW 400V/50HZ
- 4 x HP Air charging outlets
- 200 Bar Charging

ALMIG LP TOOLING COMPRESSOR

- HL Series HL 131031-500
- Electric – 3 phase
- 7.5KW 400V/50HZ
- Provides pneumatic power to Haskel pump air drive

HASKEL PUMP

- Model - AGD-30
- Gas boosting/transfer
- Oxygen clean service
- Air driven pump

CERTIFICATION

- Testing conforms with the latest guidelines laid out in D018 Code of Practice for the Initial and Periodic Examination, Testing and Certification of Diving Plant and Equipment
- Follows requirements stated in D023 DESIGN for Surface Oriented (Air) Diving Systems
