

HSS-11-C

Dive Control Container

**HUGHES
SUBSEA**
an OEG Offshore company

Hughes Subsea Services, an OEG Offshore company, brings over 100 years of combined offshore and subsea experience.

As an integrated subsea service company, we offer a comprehensive range of services to the offshore oil and gas, renewable energy, telecommunications, power generation and marine civil engineering sectors.

We operate to the highest and most stringent industry standards. Our team prides itself on its robust operational procedures and ability to deliver industry-leading quality, environmental, health and safety standards in all of its operations.

We work hard to cultivate an extremely flexible 'can do' attitude; striving to adapt and overcome every challenge we face in a creative and cost-efficient manner. Above all, we work in close partnership with our clients, and their requirements remain our priority at all times. Our constant focus is to assist in any way we can, working collaboratively to ensure that every project is carried out successfully – right from the start.
