

1. ENVIRONMENTAL POLICY STATEMENT

OEG Offshore Limited believe that everyone has a duty of care for the environment and to seek ways to conserve natural resources. We are conscious of environmental issues and believe that the pursuit of economic growth can be linked to ecological protection. This is a collective issue, which is the responsibility of government, business and the community at large.

OEG Offshore Limited will always take into consideration the environmental impact that our work and efforts may have on the environment, our customers, and our wider community. We are committed to operating in a manner which minimizes harm to the environment, and we shall make a conscious effort to prevent environmental pollution arising from our business and we will use our best endeavours to ensure continual improvement in our environmental performance. Furthermore, we will also inform our suppliers and sub-contractors of our OHSE policies as required and will monitor their performance to ensure that the goods and services they provide meet our OHSE objectives.

OEG Offshore Limited recognise and accept our legal duty of care towards the environment and are committed not only to complying with our legal duties and with other requirements to which we subscribe but to exceed these requirements where practicable.

- We will minimise waste by evaluating operations and ensuring they are as efficient as possible.
- We will actively promote recycling both internally and amongst our suppliers;
- We will train, educate and inform our employees about environmental issues that may affect their work;
- We will strive to continually improve our environment performances and minimise the social impact and damage of activities by periodically reviewing our environmental policy annually and;
- We commit to reporting environmental performance annually to the CEO

This statement will be communicated to all relevant personnel and made available to interested parties when requested. The statement is reviewed on a regular basis and may be added to or modified from time to time. This policy statement may be supplemented in appropriate cases by further statements relating to the work of particular sites or installations.
